

WELCOME!

Village Elementary Families,
Welcome to the 2022-2023 school year! I am thrilled to be welcoming your children back to school on August 25, 2022.

Community is the genuine care and compassion shared between staff, students, and parents. Village Elementary is a place where staff and families come together to ensure that the children entrusted into our care grow to be productive, confident, compassionate, members of a global society. I look forward to an amazing year!

On behalf of the Village Staff, I'd like to extend a warm WELCOME to our new families and a WELCOME BACK to those of you who are returning. I hope that your summer will be filled with fun and relaxation and that you make a lot of wonderful memories with family and friends. It's hard to believe school is starting again in August, but here we are, ready for a great year!

I look forward to a productive partnership with you to ensure our students can achieve their highest potential. Our teachers understand that part of our students' success relies heavily on the support offered both at school and at home and a strong partnership with you will make a difference in your child's education. I am certain that our common responsibility for our students' success will provide fruitful outcomes as the year progresses no matter the challenges. If you have not done so, please review the 2022-2023 School Year Handbook that will be located on our website. In this handbook you will find useful information that can help us move forward with the first days of school. Additionally, please consider becoming involved in our parent community by joining the PTO, a Volunteer in a classroom, or a member of School Site Council (SSC) that helps guide decisions made here at Village. We are always open to finding ways to continue to involve parents/guardians to help create engaging learning environments that will promote success in our children.

Thank you for your continued support as we work together as a school community inspiring our students to strive for and achieve their goals.

Dr. Heidi Bergener
Principal, Village Elementary
