

Back to School Night

In order to prepare for the first day of school, we will be hosting our Back to School Night the night BEFORE school starts. Students and parents will be able to meet their teacher and learn about the programs and platforms that will be used to make distance learning a success. A Zoom link will be provided to parents per an email by the classroom teacher so that everyone will be able to join in the fun and learn about all of the exciting learning to come!

BTSN Agenda

1. Meet your teacher and other families in your class
2. Introduction to VES "Bridge" Virtual Learning Platform to begin school
3. Classroom Schedules/Procedures, Curriculum Plans
4. Learn About "Class Link" the 1 log-in you will need to know to be successful this year. Use of Google Classroom and SeaSaw will be explained and has been simplified! We will introduce Information to get the students and families started on the 27th (more information will be given out as the days continue, but we want you to have the basics to begin with)
5. Learn how your classroom teacher will Connect, Challenge and Champion your student this year!

If you are not able to attend the virtual Back to School Night (BTSN), that's okay! We will be recording the presentations and links to the event will be available following.
